It's because there is always a stock of goods with prices just as advertised behind them. The day is past when the people can be drawn by a mere handful of goods, even if the prices on them are cheap. They want an assortment to select from, and they want to be perfectly fitted when they buy clothing and shoes.

DARING HOLD-UP.

Wickliffe Has a Sensational Train Robbery.

Rich Haul Made By the Robbers, Who Escaped Into Missouri.

Wickliffe, Ky., July 12.—Six masked men flagged an Illinois Central fast mail train at Mayfield creek bridge, about three miles south of Wickliffe, Ky., at 12:20 o'clock yesterday morning. The robbers blew open the door of the express car and forced the messenger to open his safe. After robbing the safe of an amount estimated anywhere from \$1,000 to \$10,000, they cut off the engine and express car and ran to the Mississippi river, where they deserted the engine and crossed over to Missouri in a skiff. A large party of officers and detectives went to pursue.

TRIMBLE AND MOODY.

Democratic Committee Will Decide Between Them.

Mr. W. B. Moody, of Henry county, was nominated by the Allen-Moody wing of the Seventh district congressional convention. Col. John R. Allen withdrew after the forty-fifth ballot, Mr. Moody at the time being three votes in the lead. It is probable that the State Central Committee will settle the difficulty over the nomination of two candidates by two separate wings of the convention. Mr. South Trimble, who was nominated by the regular convention, says he will submit his claims either to the Democratic primary in Owen county or in the district-at-large. The convention was very stormy and disorderly.

PROF. S. S. WOOLWINE

Retires From the Presidency of S. K. College.

Prof. S. S. Woolwine has retired from South Kentucky College and the trustees have employed Prof. Robt. S. Couch to succeed him as principal of the female department. Ill health has made Prof. Woolwine's retirement necessary. Prof. Couch has been President of Joseph Allan college in Tennessee and is now at Chicago University taking special courses. Prof. Couch is 38 years old and is married.

Prof. A. C. Kuykendall will be president of the College and will continue to have charge of the male department.

County Court Orders.

W. K. Martin was appointed constable in district No. 7, in the place of Cyrus Boyd, resigned.

The will of the late John D. Morrison was probated Tuesday. All of his estate was left to his wife, Mary E. Morrison, who was named in the will as executrix. The instrument was drawn up Sept. 1, 1875, and was witnessed by C. H. Kenner, James Stoner and David Vaughan.

S. C. Mercer, Jr., has been appointed notary public and qualified Wednesday.

Fourteen Crazy.

Clarence Riddle, aged 10, of Owensboro, was committed to the asylum here Tuesday. He imagines he is running for President and will win easy. This makes fourteen people committed for lunacy from Daviess county since the 1st of January.

Joined The Army.

Edmund Starling, aged 19, the young son of Mr. J. M. Starling, who left home two or three weeks ago, has been heard from. He went to Ft. Thomas, near Newport, Ky., where he enlisted in Co. K. 2nd, Infantry, U. S. A. He expects to see service in Asia.

POWERS ON TRIAL.

Refused a Continuance and Jury Being Made Up.

Taylor's Bogus Pardon Would Not Go With Judge Cantrill.

Georgetown, Ky., July 12.—Caleb Powers has been forced into trial and the work of securing a jury has begun. Six men have been passed out of eighteen examined, but these are subject to peremptory challenge. A special venire of 100 men has been ordered to report to day. The Commonwealth admitted that the absent witnesses would testify as outlined in the affidavit, and as the defense had made no effort to subpoena witnesses until June 25 the court held that due diligence had not been exercised. Subpoenas were ordered issued, and the motion for a continuance was overruled. A special demurrer to the indictment on the ground that it did not specify the principal in the assassination, was overruled, as was Taylor's pardon of Powers, offered as a plea in bar. The State has consented to pay the expenses of Powers' indigent witnesses.

DELEGATE VOTES.

Strength of the Various Precincts Under the Call.

Under the call of the Committee the precinct vote will be one delegate for each 50 votes and a fraction over 25, taking the 1896 vote as a basis. There are 28 precincts in Christian county and they will be entitled to the following votes:

Died of Cancer.

Geo. W. McComb, a well known merchant at Pembroke, died at his home Tuesday, after an illness of several weeks, of cancer.

He was 37 years old, a very successful business man and exceedingly popular with all. He leaves a wife, who was Miss Charles Dickenson, of Trenton. He was a member of the Baptist church and a prominent Mason.

The interment took place Wednesday under the auspices of the Masonic fraternity.

Quinine Jim McKenzie.

Now that his cousin Alai is a candidate, the friends of "Quinine Jim" McKenzie are hoping that he will come out of hiding in the rural districts of Christian county and mount the stump and let the people once more hear the kind of oratory that has become far too scarce in these latter days. McKenzie has but few equals and no superiors as a campaigner, and the Democrats in this section hope to hear much of him during the present campaign.

The exodus of prominent men from the Republican party still continues. Webster Davis, until recently assistant Secretary of State, in a speech at Kansas City announced himself a Democrat and now comes the news that former Congressman Henry U. Johnson, of Indiana, a lifelong Republican, will take the stump for Bryan and Democracy.

Safe-Blowers Captured.

Paducah, Ky., July 9.—George Wilkerson, of New Orleans, and Charles Richards, of Cairo, blew open a big safe at Cal Waggoner's saloon with nitroglycerine this morning at 3 o'clock, but were captured by the police. Both are young men.

Democratic Conventions.

The convention to nominate a candidate for governor will be held Thursday, July 19. Conventions will be held in each voting precinct on Saturday, July 14, at 2 p.m., to select delegates to county conventions on Monday, July 16, when delegates will be selected to the Lexington convention.

West Virginia Republicans have nominated A. B. White, formerly President of the National Editorial Association, for Governor.

President Diaz, of Mexico, has been again re-elected, without opposition. McKinley will be less fortunate.

Gov. McMillin has withdrawn from the race for Senator in Tennessee, leaving Congressman E. W. Carmack without opposition.

Broncho Franks has gone to Canton with a committee to notify McKinley of his nomination for President. This is not the first time Broncho has been the bearer of important news.

The Democratic campaign was auspiciously opened at Lincoln Tuesday night by two large ratification meetings. Bryan, Stevenson, Towne and Weaver were among the speakers.

The Bowling Green Times prints a list of sixteen of the leading papers of the State that are pleading for harmony and a new leader who can unite the party. This feeling among Democrats is becoming almost universal.

The Republicans held a Conference in Louisville this week and offered the Brown supporters the nominations for Congress in the First, Second, Third and Seventh districts, in return for support for Yerkes. Bill Reed in the First, Mack Moss in the Third, and Bill Brinkenridge in the Seventh were agreed upon. It is supposed that Lawrence Tanner is to try it in this district. This well laid scheme will not work this year. Kentucky Democrats are getting together and under the leadership of Bryan, Stevenson and Black will roll up an old-time majority.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dead end to all the schemes that have been able to curl in all its stages and that is the Hall's erratic cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the body. Hence it is destroying the foundation of the disease and giving that patient strength by building up the constitution and a sustaining nature to do its work. The proprietors have so much faith in its curative powers that they offer One Hundred dollars for any case that it to cure. Send for list of testimonials.

The almost universal feeling for harmony among Christian county Democrats is shown in the fact that nearly all county committees are for Black, the harmony candidate. The same unity of thought prevails to a still greater extent amongst the "boys in the trenches." They admire the handsome young Governor, who is asking a premature promotion after only five months' service, but they love the Democratic party more than any one man, and want a new leader who can lead a united party to victory in November.

By the will of the late James G. Clark, of Worcester, Mass., the Clark University in that city can get \$500,000 if the trustees raise \$350,000. If they obtain \$500,000 the whole Clark estate, valued at \$5,000,000 to \$10,000,000, goes to the university.

Swamp Root Factory Burned.

The fire which destroyed the immense Swamp Root medicine plant of Dr. Kilmer & Co., July 1, was the most disastrous which has ever occurred in Hinghamton. However, the Kilmers resumed business next morning, though not at the old stand, which is a heap of smouldered ashes. While the firemen were pouring water on the burning Chenango street establishment, the Kilmers were arranging to do busi- ness somewhere else.

That this great industry will not be crippled for a moment, through the courtesy of other prominent firms and citizens, the large factory and adjoining buildings on South street were vacated for the benefit of the Swamp Root people, and possess on, by Monday, July 8, this new, temporary factory will be turning out Swamp Root, the great Kidney Remedy, in quantities of about 60,000 bottles per day, and in two or three weeks' time the full capacity of more than four times that amount will be produced. The immense demand for Swamp Root will thus in no way be interfered with.

On the old site, with adjoining property which has just been purchased, will be erected immediately an absolutely fireproof six-story structure, plans for which have been nearly completed.

Grand Master of Odd Fellows.

Mr. Chas. P. Hess, of Louisville, Grand Master of the I. O. O. F., visited the local lodge Wednesday night and made an address to the Lodge.

Read the report of the First National Bank in to-day's paper. The showing made for the last six months is gratifying to the Stockholders and exceedingly creditable to the careful business management of the officers.

Bassett & Co. have a full page advertisement in this issue in which may be found a lengthy list of great bargains. Bassett's big sales never fail to draw the crowds and this one will not be an exception.

Absence of body is often better than presence of mind.

SEND BLACK AFTER YERKES

Whatever may be the outcome in Christian and adjoining counties, we feel that we have performed a duty to the Democratic party in using our efforts to bring about a better feeling between Democrats and induce them to forget their differences and vote together once more for the protection of human life. There is no longer a doubt that the spirit of harmony will prevail in four-fifths of the precincts of this county. The people will instruct for Black as the most available man to rescue Kentucky from the danger of further rule by assassins.

They realize that the boasted respectability of the Hanna candidate, whose nomination has been determined upon by Taylor's followers, will be a delusion and a snare. Yerkes is a director in a blatant organ of assassination that has defended Taylor's lawless course and even now claims that this fugitive from justice is a martyr to "civil liberty." No stream is purer than its source and the company Yerkes will find himself in will condemn him as an enemy to law and order.

The Republicans in convention assembled have assumed responsibility for the crimes of Taylor, Powers and the other guilty wretches whose necks are now in danger. They cannot dodge the issue. The Republican party must answer at the bar of public opinion as well as in the courts of justice for the murder of Gov. Goebel. Judge Black, if he should be called to hear his party, as now seems probable, will see that Yerkes does not evade the issue. He will challenge him to meet him on the stump and answer to the indictment of his party. There is no better man in Kentucky for this task than the eloquent and courageous mountaineer. He has met Mr. Yerkes in debate before and the champion of the Taylorites has not forgotten his experience. The facts in the assassination of Gov. Goebel cannot be concealed. The circuit court at Georgetown is even now preparing campaign issues for Mr. Yerkes to defend or be driven from the stump. The Democratic party only needs to nominate a leader who is not only able to hold Mr. Yerkes to a strict accountability for the crimes of his friends, but who can at the same time unite all Democrats under a common banner and lead them to triumphal victory.

If you are a Democrat with the success of your party at heart, take the first step towards redeeming Kentucky by going to your polls tomorrow and voting for a united party, and thereby make sure of the election of a governor who will not pardon the Republican assassin of Gov. Goebel.

Yours very truly,
GAITHER & WEST.

Arthur C. Borne, formerly of Trigg county, was employed this week as fireman at the Asylum. Later he was arrested on a charge of stealing a horse from J. P. Porter, of Roaring Spring on July 3. It is claimed that he sold the horse to Mr. Geo. V. Green.

A TALE WITHOUT A MORAL.

Young Man's Reasoning Who Finds a Costly Gold Watch.

It was a tiny ladies' gold watch, lying there glistening in the bright winter's sun on the asphalt of the street, ticking away for its dear little life in spite of one to pick it up, to rescue it from the cruel ignominy of destruction by the unfeeling iron tie of the great truck, rapidly approaching in direct line to crush its costly, delicate vitals into a shapeless, worthless mass.

The chop-suey young man reached down and closed his hand over it. The front case was thickly encrusted with brilliant diamonds of the purest water. There was a star and crescent in pigeon-blood rubies on the back.

"Going to advertise it?" queried the chop-suey young man's companion, enviously, because he had not seen it first.

"N----t" was the response. "I am in high feather and great luck. My girl read my appeal for forgiveness in last Saturday's Star, and has taken me back on probation. I have been sober as a judge for a week. I have been trying to decide upon a suitable present to further warm her heart. This will do. This bauble is easily worth \$2,000. It will make her love me for at least a fortnight."

"But, my honest young friend, I have additional reasons for being grateful. We live in an age of progress and evolution. Therefore we must differentiate in moral questions, as, perchance, we must differentiate in political and other great mooted questions of the day.

"This differentiation of questions is analytical and a trifle abstruse, but the conclusions are inevitably correct. Now, follow me closely."

"We begin with the first differentiation. My sweetheart has forgiven me. We love each other again. Being an ardent lover I must show my appreciation of her magnanimity. I have been hesitating for nearly a week between a diamond sunburst and an automobile (her father has expressed in my presence a wish for an automobile), but a kind fate prevented me from making up my mind."

"Second differentiation: The sweetheart of some other fellow dropped this costly jewel. That is her loss. If he can buy her presents of this value, simple inductive reasoning reaches the conclusion that he can buy her another to replace it."

"Third differentiation: A combination of the first and the second makes all end happily. Same old thing in politics, same old game in Wall street, same old tale in cards, same old story in love—you lose, I win; I win, you lose."

"In this case, I win." —Washington Star.

STABLE FIRE.

Meacham's Livery Stable at Gracey Destroyed.

Horses All Rescued But Other Contents a Total Loss.

Gracey was visited by a disastrous fire at 9 o'clock Tuesday night, that destroyed J. P. Meacham's livery stable and a small tenement house adjacent. Another tenement house belonging to Meacham and the residence of T. J. Wall were greatly endangered, but saved by the hard work of a "bucket brigade."

Mr. Meacham's stable contained his livery outfit and supply of provender and his loss is estimated at \$2,000. He saved the horses but all of his vehicles and harness were lost and two Jersey calves were burned.

He had \$500 insurance on the stable, \$600 on the vehicles and feed stuff and \$100 on the tenement house, all with Long, Kelly & Starling's agency.

The origin of the fire is not known. It was first discovered in the hay loft in the second story.

Howard Dillard was prostrated by heat while fighting the fire and was confined to his bed all day the following day. He is now out of danger.

Mr. Meacham will rebuild at once and will resume business in temporary quarters as soon as possible. The stable was a large frame building, erected about eight years ago.

Our Mid-Southern

Our Mid-Summer

CLEARANCE SALE

Now on and Ends August 10th.
A MONEY SAVING OPPORTUNITY!

We have inaugurated our Semi-Annual Clearance Sale on every item in our house, Dry Goods, Notions, Furnishing Goods, Machinery, Shoes, Etc., nothing reserved.

The mere announcement of the above fact we feel renders it entirely unnecessary for us to send out to you a large blanket advertisement, quoting a thousand and one prices. The long continued rainy spell has been the cause of our having to-day thousands of dollars worth of goods, more than we should have at this season. It is imperative, therefore that we sell them even though many are sold at far less than they cost us. Some lines will be sold at HALF-PRICE, others ONE-FOURTH of their former prices, while all other lines in every department will be sold at what they cost us. Our goods are bought from the largest manufacturers and jobbers in this country and bought as cheaply as any competitor can buy them, hence these statements mean something. You may ask how we can afford to do this; we reply first we need money more than goods; secondly, if we do not sell thousands of dollars worth out of this present stock we can not store any Fall Stock of any consequence whatever; under such circumstances it is not therefore what we can afford, but it is to move these goods out of the house that confronts us; loss though it be to us to do so. Let us assure you then, that this letter is not sent out to attack or deceive in any sense, but we mean precisely what we say, and if saving 25 to 50 per cent. is any inducement for you to buy what you shall need in the next 30 days, we offer the opportunity in this sale. We will have a large corps of salesmen and sales-ladies, who will wait on you promptly as it may be possible to do so, and we hope you may be one of the many who will share in its benefits.

Yours Very Truly,

FOUND HANGING TO A TREE.

Some Blackberry Pickers Find an Unknown Dead Man Near Hawesville.

Hawesville, Ky., July 9.—At an early hour yesterday morning blackberry pickers on the Bowmer farm, three miles above town, discovered a man hanging from an apple tree in the orchard.

The flesh was dropping from the bones and the man had evidently been hanging a week. He was about of ordinary size, smooth faced and gray haired. Near by was a nail bundle, a tin plate and a spoon, all indicating that he was a weary, footsore traveler, who lay own his burden for rest.

A three-fourth inch rope was found and his feet were on the ground. The smell emanating was unbearable and a hole was dug here he was found and the suicide was buried on the spot.

Don't Forget

THE SUDANESE FEVER.

It Makes Those It Attacks "See Red" and Drives Them Into Violent Insanity.

Much attention has been called to the number of men in the army serving in the Philippines who have gone insane, says a New York paper. The government has sent a special commission out there to investigate the matter, and there has been talk of a mysterious disease.

It is believed by some that this disease is peculiar to East India and African tropics; that it was this which caused Dr. Peters to get into trouble for killing Africans, and made the

sanity or coma. In northern climates it more usually results in coma; in the tropics it seems to result in insanity.

It is said that 37 men who served in the Philippines who have been sent back as insane have been violent. As a matter of fact, only 37 men who served in the Philippines went crazy and were brought back to the United States. Of these 11 recovered and were discharged.

This "seeing red" seems to be a peculiarity of the Asiatic when he is excited, according to the "Sudan Fever."

It is believed by some that this disease is peculiar to East Indian and African tropics; that it was this which caused Dr. Peters to get into trouble for killing Africans, and made the

French officers in the interior of Africa recently stay other officers sent to their relief, is one theory.

Everybody has heard of the Malay who runs amuck and, frenzied, kills right and left until he himself is killed. The word "amuck" is a corruption of the Javanese word "wanduk," to run.

There seems to be no doubt that the Malay occasionally goes crazy through an indulgence in opium or hashish, and, springing from his "shack," runs naked through the streets of his village, killing all whom he meets.
